Pearl			3DBDPRLG510	

These tiles are meant to be grouted to achieve a mosaic look.

The recommended grout joint in between tiles is 1.5mm to be consistent with the 1.5mm pre-scored grout joint of the tile.

Use Prism grout for best results.

All sizes are approximate and items are sold by piece.

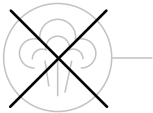

Caution: Dark grout on light coloured tiles can scratch or stain the surface, please test a separate area before grouting your space.

Recommended Applications

W-Wall

Shower

Steam

Light
Commercial

Medium
Commercial

Heavy
Commercial

Residential

Outdoor

Recommended applications do not include consideration of any technical installation requirements or safety standards for slopes and pool decks. All tile products and setting materials should be selected and installed in compliance with manufacturers specifications and applicable use standards.

Technical Specifications

Product specifications are supplied by the manufacturer and are subject to change without notice.

V Rating (Variation)	Breaking Strength (ISO 10545-4)	Resistance to Deep Abrasion (ISO 10545-6)	Slip Resistance	Frost Resistance (ISO 10545-12)	Country of Origin	Ecotile

3D Bars | Additional Information

To ensure correct alignment of the joints, it is recommended that all pieces be placed in the same direction. To do this, ensure the arrows on the back of the tile are all going the same direction.

HOW TO CREATE ROUNDED CORNERS
